

"Basic Studies (Old Student)"
Registration Procedures for the Summer Semester 2022/2023

Nautical Department (First, Second, Third, Fourth Semester)
Engineering Department (First, Second, Third, Fourth Semester)
Marine Electrical Engineering Department (First, Second, Third, Fourth Semester)

The Jordan Academy for Maritime Studies confirms that all registration processes are electronic through the student portal on the Academy's website ([click here](#)).

For regulatory purposes, the registration procedures for the next semester (Summer 2022/2023); will be as follows:

1. Open the registration by paying 50% of the tuition fees for the next semester.
2. Log in through the [student portal using](#) the academic number and password.
3. Select courses that the student wants to register accurately, taking into account giving importance to the courses that are prerequisites for later courses.
4. Carry out the registration confirmation process. Make sure that courses have been correctly selected.
5. Follow up the status of the online registration form through the same portal to be signed and approved electronically by (the academic advisor, head of the department) and then pay the fees; directly at the academy's headquarters, or by paying with the bank with the academy's account, or via eFAWATEERcom.
